

Hi, name's uhe. I've been making music for 5 years now, and I made my first album in 7th grade. I think it's safe to say that I know what makes a good song. But you don't need me to tell you that, because all you have to do is download Uhe Zebra 2 and try it yourself. See if the sounds fill your heart with joy or make your ears bleed out of sheer sadness!

If you want something more than just a website with some free music, then check out my album on SoundCloud: soundcloud.com/uhhe I'm always adding new songs to my SoundCloud, so keep an eye out.

The name "Uhe" is esoteric; it's a palindrome. There's the German word "UH", which means hole, but there is no letter "H" in German (in English, it would be "hohohoho"). But the letters U and E are both part of the German word for bird ("Üppe"), which is also another palindrome. I wanted my name to have some sort of meaning, because that's what I used to do on my songs. For example, the song "neunah" has nine letters, while "hr" is German for "you", and there are nine letters in the word. Since it's supposed to be a palindrome, you have to read it forwards and backwards. You can't just pick one direction at random.
